<p>I</p>	<p>I. Read the following passage and answer the questions:</p> <p>Speaking a foreign language is what most people want. Every year many people start learning one language. Many people try at home with books and tapes. Some use radio or TV programs, thousands go to the evening classes. If they use the language only 2 or 3 times a week, it will take a long time to learn a language like language learning at school. Some try to learn a language fast by studying for 6 hours or more a day. Some travel to the country where the language is spoken to learn it because they have to use the native language there and learn it more quickly. However, most people do not have money to travel to a foreign country. Some people need the language to do their work better. For example, students, doctors, and scientists need to read foreign books and reports. Others need it for some other purposes. Whether the language is learnt quickly or slowly, it is hard. Laboratories and good books and tapes will help, but nothing can be as helpful as a good teacher.</p> <p>29.
